Detail-oriented Python, PHP, ASP.NET, Node, React, Angular, Vue, HTML, CSS, JavaScript Developer with 8 + years of experience in web development, including extensive experience in building rich and interactive websites.
Excellent ability to meet deadlines and work as part of a team to deliver great work.
High proficiency in object-oriented methodologies, data structures and algorithms, as well as quality coding and excellent debugging skills.
Since I'm a cool hearted person, I usually see every difficulty with a positive side and keep myself always smiling, which makes me stronger even more.
I need a platform to prove my ability and will put my effort and strength into uplifting your company.
None is born with experience and I will get more professional experience through working.

Work Experience

Senior Blockchain Developer • Color Museum Limited
Apr 2019 - May 2022

Reynable is a decentralized multi-chain NFT marketplace for users to trade items from across the metaverse.
Discover, Trade, and Create NFTs from the best and upcoming projects and collections on Ethereum, Solana, Binance Smart Chain, and Polygon.
- Built the yrst biggest NFT Marketplace of digital art on Binance Smart Chain using ERC-721 for single and ERC-1155 for multi NFT and BEP-20 for governance token.
- Developed whole smart contracts from scratch and past the Audit from SlowMist.
- Built a token bridge between Binance and Ethereum so that users are able to migrate their NFTs from ETH to our platform.
- Implemented basic functionalities of the NFT marketplace such as sale, auction, airdrop and used proxy for service fee calculation.
- Implemented NFT fractionalization so that users are able to co-win NFT and decide further steps like sale, auction, airdrop together.
- Developed on-chain & off-chain governance protocol with FINE token so that users are able to to make decisions about adding new features and modifying current functionalities of the platform.
- Key Achievements: NFT Sale, Airdrop, Service Fee, Auction, NFT Fractionalize, NFT Bridge, Governance
